INFUSION	DATE	TIME
WEEK 1		
WEEK 2		
WEEK 3		
WEEK 4		
WEEK 5		

Preparation:

- There is no preparation required for Iron Sucrose Infusions.

The Day of Your Appointment:

1. Register on the first floor of the KAYE Edmonton Clinic Building (114 Street and University Avenue)
 - Mention that you are having an iron infusion in Adult Day Medicine
 - They will give you your registration papers to take with you
 - Proceed to Level 3, Room 3A 101
2. Your intravenous iron will commence by a nurse
**This is a 1 hour infusion, but should you experience any adverse events, it can take up to 6 hours.

Possible Complications:

Allergic reactions (anaphylaxis, rash, flushing of face, difficulty breathing) are possible but infrequent.

Following Your Infusion(s):

You will require follow up laboratory testing to be completed two months following your iron infusion(s). Please see the attached requisition.
